12 **SECOND ORDER RE DISPUTE RE ESI
13 PROTOCOL**

14 Re: Dkt. Nos. 70, 77
15

16 On May 23, 2023, the Court heard further argument regarding the parties' disagreements
17 about an ESI protocol.

18 As discussed during that hearing, the Court invites Meta to provide a declaration or
19 declarations regarding (1) whether the tools plaintiffs have identified would permit Meta to collect
20 hyperlinked documents as part of ESI without undue burden, and (2) whether Meta can provide
21 metadata for relevant fields for each email thread member within the Last In Time Email without
22 undue burden. The declarations must be filed by **June 1, 2023**.

23 The parties shall confer and agree on intervals for the exchange of information and for the
24 conferences contemplated in Appendix A to the Court's May 18, 2023 Order re Dispute re ESI
Protocol (i.e., the blanks in the "Search" section).

25 The Court will issue a final order with directions about the contents of the ESI protocol on
26 **June 2, 2023**, after receiving Meta's declaration(s). The parties should be prepared to file a
27 protocol that conforms to the Court's final directions no later than **June 5, 2023**.

28 **IT IS SO ORDERED.**
